Percentile Rank	31	13	15	10
# of Funds	1,038	913	807	588

As of 12/31/14. The N Class was rated 4 stars for the 3-year period, 4 stars for the 5-year period, and 4 stars for the 10-year period against 913, 807, and 588 US-domiciled Intermediate-Term Bond funds respectively.

For each fund with at least a three-year history, Morningstar calculates a Morningstar Rating based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a fund's monthly performance (including the effects of sales charges, loads, and redemption fees), placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. The Overall Morningstar Rating is derived from a weighted-average of the performance figures associated with its three-, five-, and 10-year (if applicable) Morningstar Rating metrics. © Morningstar, Inc.

The highest or most favorable Morningstar percentile rank is 1 and the lowest percentile rank is 100. The top-performing fund in a category will always receive a rank of 1. Various rating agencies categorize funds differently. Past performance is no guarantee of future results.
